

Power of Attorney

Power of Attorney - A written document in which one person (the principal) appoints another person to act as an agent on his or her behalf, thus conferring authority on the agent to perform certain acts or functions on behalf of the principal.

POA authorizes an individual to sign their own name on the appointee's behalf. POA does not authorize an individual to sign the appointee's name – that is perjury!

Example: Suzie Smith has appointed Samuel Smith as her POA. Samuel Smith will not sign "Suzie Smith", he will sign his own name in place of Suzie's and indicate "POA".

For Powers of Attorney, be aware of missing or incorrect information (VIN #, name, etc.) or improper use.

Power of Attorney

HSMV 82053

Used to sign for:

Buyer ONLY or Seller ONLY

Federal and state law prohibits an individual who has been appointed as an attorney-in-fact from acting as both transferor (seller) and transferee (buyer) for purposes of completing odometer disclosure statements in conjunction with the transfer of ownership of a motor vehicle, unless a secure power of attorney form is used, or it is accompanied by a Separate Odometer Disclosure Statement (HSMV 82993). HSMV 82053 is Not a Secure Power of Attorney and cannot be used when mileage is being recorded without a Separate Odometer Disclosure Statement (HSMV 82993).

HSMV 82053 can be used when the odometer is exempt, for transfer of a mobile home, trailer or vessel, or when a third individual with no interest in the vehicle is appointed as attorney-in-fact.
