Pasco Tax Collector to Host AAA Mature Drivers Defensive Driving Program

Pasco Tax Collector Mike Fasano announces that his office is hosting a AAA Senior Defensive Driver Program. The class, to be conducted by the **Auto Club Group's Traffic Safety Foundation**, is designed specifically for drivers 55 years of age and older. The purpose of the class is to sharpen defensive driving skills and techniques and to prepare drivers for emergency situations. Additionally, the class will help experienced drivers learn how to compensate for changing vision, reflexes and response time. The impact of prescription medication upon driving will also be discussed.

The class will be held on April 16, 2015 from 9:00 AM to 3:00 PM at the West Pasco Government Center, 8731 Citizens Drive, New Port Richey (Staff Development Room, Service Level). Advance registration is required. There is a nominal cost of \$15 per participant. Advance registration is required as space is limited. To register for the class please contact **Patti Armstrong** at 727-375-2404, ext 3226.

“I encourage mature drivers to consider signing up for this important safety program,” states **Tax Collector Mike Fasano**. “As the population of our county grows, we are seeing more drivers on the road than ever before. This class is intended to help older drivers learn the skills needed to safely navigate the roads they travel each and every day.”

The Pasco County Tax Collector’s Office successfully teamed up with the **Auto Club Group’s Traffic Safety Foundation** in 2014 to provide safety-related events for children, families and mature drivers. This class is a continuation of this partnership by promoting driver and road safety in our community. Both the **Auto Club Group’s Traffic Safety Foundation** and **Tax Collector Mike Fasano** are committed to ensuring that as many of Pasco’s drivers as possible learn important methods to stay safe on the road. For more information about this or any other program sponsored by the **Pasco County Tax Collector’s Office**, or for directions to the classroom, please contact Greg Giordano, Director of Customer Relations, at 727-847-8179.

Please note - Some automobile insurance companies offer a premium discount for drivers who take this class. Prospective attendees are encouraged to contact their insurer to determine whether or not their insurance company will provide a discount.
