# ***Newly Renovated West Pasco Government Center Tax Collector's Office Re-Opens***

**Pasco County Tax Collector Mike Fasano** announces that the tax collector's office located in the West Pasco Government Center has re-opened as a full service location. After a closure and extensive renovation, including the installation of a computerized customer service program, the office now provides almost every service possible in a tax collector's office.

"The West Pasco Government Center office has truly entered the modern age," states **Deputy Tax Collector Billy Poulos**. "With the addition of driver's license services, and the whole host of other tax services we provide, this office can truly meet the needs of Pasco County residents. The old system was antiquated and unable to process driver's license and identification card renewals. These are now part of the daily services offered at this office. The installation of an electronic customer management program gives us the ability to move customers in and out as quickly and efficiently as possible. The West Pasco Government Center location now joins the family of modern Pasco County tax collector offices that are fully equipped to handle the full range of customer needs."

Residential and commercial property tax, business receipt tax, driver's license and identification card issuance and renewal, automobile, vessel and motorcycle registration and title work, and birth certificates are the main services available. Due to limited parking lot space road testing services will not be offered at the West Pasco Government Center location. However, road testing continues to be available at the Gulf Harbors, Land O' Lakes, Wesley Chapel and Dade City branches of the tax collector's office.

For more information about the services provided at the Pasco County Tax Collector's Office, including hours of operation, please visit [www.pascotaxes.com](http://www.pascotaxes.com) Additionally, call center services are available Monday through Friday from 8:30 AM through 5:00 PM by calling (727) 847-8165, (813) 235-6020 or (352) 521-4360.
